

Writing Assignment on Chilton & Tingley
 POL 305, Fall 2017
 Professor Barry Hashimoto

STUDENT NAME:

1. The Nuclear Non-Proliferation Treaty is an instance of which source of law in the Statute of the International Court of Justice?

2. Briefly explain what exactly was experimental about the method used by Michael Tomz to analyze the Nuclear Non-Proliferation Treaty.

3. Briefly explain *whether and how* Tomz' approach addresses one type of problem that arises when we try to study the effect of international law on state behavior.
